

Rajat Lahiri

AZCPM, Class of 2023

Rajat Lahiri is a fourth-year student from Sammamish, WA. Before starting at AZCPM, he attended the University of Pittsburgh, where he majored in bioengineering with a concentration in cellular engineering. During his time at AZCPM, he was Vice President of his class, Pi Delta National Honor Society member, a trusted mentor for his underclassmen, and a spokesperson for the college through various outreach initiatives.

This summer, Rajat will be joining the team at Swedish Medical Center in Seattle, Washington to pursue his residency! His interests in the field include reconstructive surgery, total ankle replacements, and sports medicine. He has ambitious goals of becoming a leader in the field who is highly regarded by his future patients and colleagues!
