

Stephen Isham, D.P.M., Class of 2024

My name is Stephen L. Isham, and I am from Coeur d'Alene, Idaho. I matched at the Puget Sound Podiatric Medicine and Surgical Residency in Seattle/Spokane, Washington. I completed my undergraduate degree in biology at the University of Idaho in Moscow.

I have always wanted to be a Podiatric Surgeon. My father spent 52 years in the operating room as a foot and ankle surgeon and inspired me greatly. I was blessed to travel with him to many countries and experience foot and ankle surgery worldwide. I have a strong interest in minimally invasive surgery and hope to have a private practice back in my hometown of Coeur d'Alene. Growing up in North Idaho gave me a great appreciation for the outdoors, and I enjoy sailing and hiking. I also enjoy classic car restoration and playing classical guitar.
